| Length            | 3'                                                                        |
| Sling Type        | Single Leg                                                                |
| Plies             | 1                                                                         |
| Product Weight    | 2.6 lbs.                                                                  |
| Standards         | Meets or exceeds all ASME B30.9 requirements.                             |
| Additional Info   | All Nylon and Polyester lifting slings have a length tolerance of +/- 2%. |

SAFETY INFORMATION

- Never exceed the Working Load Limit (WLL). The WLL is the maximum load the product is rated to handle in service.
- Inspect before every use. Remove from service if cut, worn, abraded, stretched, cracked, bent, corroded, heat-damaged or missing its identification tag or marking.
- Protect webbing, rope and chain from sharp edges and corners with edge protection.
- Lifting and rigging must follow the applicable ASME B30 standards, OSHA regulations and a qualified person's lift plan.
