| End Fitting                | Clevis Grab Hook                                                                                       |
| Material                   | Carbon Steel                                                                                           |
| Finish                     | Yellow Zinc Chromate                                                                                   |
| Product Weight             | 1,164 lbs.                                                                                             |
| Standards                  | DOT-compliant; meets or exceeds FMCSA CFR49 Section 393.104 and NACM requirements.                     |
| Quantity                   | 20-Pack (Drum)                                                                                         |
| Additional Info            | Link size: Standard Items are made to order and most ship same day - exceptions apply to large orders. |

**SAFETY INFORMATION**

- Never exceed the Working Load Limit (WLL). The WLL is the maximum load the product is rated to handle in service.
- Inspect before every use. Remove from service if cut, worn, abraded, stretched, cracked, bent, corroded, heat-damaged or missing its identification tag or marking.
- Protect webbing, rope and chain from sharp edges and corners with edge protection.
- NOT FOR OVERHEAD LIFTING. This product is rated for cargo securement only.
- Cargo securement on commercial vehicles must meet FMCSA 49 CFR Part 393, Subpart I (aggregate WLL and minimum tie-down rules).
